**Safety Data Sheet (SDS)**

Version 1.0

**EBMW-01**

<b>Section 1: Identification</b>		
<u>Product Name &amp; Description:</u>		
Balsam Fir Moustache Wax 15mL/ .5 fl. Oz.		
<u>Product Number:</u>		
EBMW-01		
<u>Product Type:</u>		
Finished Goods		
<u>Recommended Use:</u>		
Personal Care Product — External/Topical		
<u>Uses advised against:</u>		
Not for any other use than topical application. Do not ingest.		
<u>Manufacturer Information:</u>		
Educated Beards Inc. 605-406 Prospect Street Fredericton, NB E3B 6B8 (506) 883-3232		
<u>Emergency Contact:</u>		
(613) 996-6666 CANUTEC 24 HOUR EMERGENCY LINE		

<b>Section 2: Hazard Identification</b>		
Hazard Class: Not Classified	Category: Not Classified	Pictogram: None
Hazard Statement:	Non-Hazardous	

www.educatedbeards.com

**Safety Data Sheet (SDS)**

Version 1.0

RMW—15

Hazard Codes:	Not Applicable
Precautionary Statements:	For topical use. Not recommended to be ingested. Family and pet safe when used as intended. Keep out of reach of children under the age of 4 years to prevent unintentional ingestion.

<b>Section 3: Composition</b>			
This product does not contain hazardous ingredients. Full ingredient list available on the items product label.			
<b>Composition of Hazardous Chemicals</b>			
Chemical Name	INCI Name	CAS No.	% w/w
none	none	none	none

<b>Section 4: First Aid Measures</b>	
<u>General Advice:</u>	
Though this product is non-hazardous for its intended use, in all cases, if symptoms persist contact a physician.	
<u>Routes of Entry:</u>	
Eye Contact	Rinse with cool water for a minimum of 15 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing. May be mildly irritating to individuals with specific sensitivities. Seek medical attention should symptom persist, and/or worsen.
Skin Contact	Mild skin irritations may occur to individuals with certain sensitivities. Seek medical attention should symptoms persist and/or worsen.
Inhalation	If irritation occurs, remove self to fresh air. Get medical attention if

## Safety Data Sheet (SDS)

Version 1.0

RMW—15

### Section 6: Accidental Release Measures

#### Personal Precautions:

Household: absorb with absorbent material and place in an appropriate waste bin. Wash with mild surface cleaner, or mild soap and water.

Industrial: Equip cleaning crew with proper protection, glasses, gloves, apron. Absorb with absorbent material and dispose of materials in an appropriate waste bin. Wash the surface with soap and water.

#### Advice for Emergency Responders:

Use personal protective equipment

#### Environmental Precautions:

Prevent entry into sewers and public waters. Notify authorities if the product enters sewers or public waters.

#### Methods & Materials for Containment & Cleaning Up:

Wax can be cleaned up when solid by scraping residue, and then washing the surface with hot water and soap. If wax is hot, use absorbent materials to soak up the product, then wash the surface with hot soap and water.

### Section 7: Handling and Storage

#### Precautions for safe handling:

Household: After use, wash hands with mild soap and water, to prevent ingestion. Do not eat, drink, or smoke while handling this product.

Industrial: No direct sunlight. No smoking. Ensure prompt removal from eyes, skin and clothing. When leaving work wash hands and other areas with mild soap and water before eating, drinking or smoking (to avoid accidental ingestion). Handle in accordance with good industrial hygiene and safety procedures.

#### Storage & Handling:

Household: Keep product away from heat, and open flame. Store in dry space with minimal natural light exposure. Keep lids closed tightly when not in use. Empty containers may contain residual amounts of product, therefore handle with care. Dispose of in appropriate waste bin.

Industrial: Provide general ventilation to minimize dust and/or vapor concentrations. Keep the container closed when not in use.

**Section 8: Exposure Control/Personal Protection**

*Exposure Guidelines:*

Household: Exposure guidelines are not relevant when used as intended. Should irritations occur see Section 4.

Industrial: When working with large quantities of the product, make sure an eye wash station, sink or washbasin is available in the event of exposure to eyes.

*Ventilation:*

Household: Exposure guidelines are not relevant when used as intended.

Industrial: When working with large quantities of the product, provide adequate ventilation or wear suitable respiratory protective equipment when ventilation is not possible.

*Respiratory Protection:*

Household: Exposure guidelines are not relevant when used as intended. Should irritation occur see Section 4.

Industrial: When working with large quantities of the product, provide adequate ventilation or wear suitable respiratory protective equipment when ventilation is not possible.

*Eye Protection:*

Household: Exposure guidelines are not relevant when used as intended. Should irritation occur see Section 4.

Industrial: When working with large quantities of the product, make sure an eye wash station, sink or washbasin is available in the event of exposure to eyes.

*Skin Protection:*

Household: Exposure guidelines are not relevant when used as intended. Should irritation occur see Section 4.

Industrial: When working with large quantities of the product, make sure an eye wash station, sink or washbasin is available in the event of exposure to eyes.

**Section 9: Physical & Chemical Properties**

Appearance	Hard, yellow, solid smooth wax at room temperature. Will melt to liquid in extreme heat.
Color	Yellow
Odor	Balsam Fir
Melting Point/Freezing Point	Not applicable (Anhydrous)
Boiling Point	Not applicable (Anhydrous)
Evaporation Rate	Not applicable (Anhydrous)
Upper/Lower Flammability Limits	None Known
Vapor Pressure	Not applicable (Anhydrous)
Vapor Density	Not applicable (Anhydrous)
Relative Density	0.3049 g/cm <sup>3</sup> @ room temperature
Solubility	Soluble in some oils and alcohol. Not water soluble.

**Section 10: Stability & Reactivity**

Reactivity:

This material presents no significant reactivity hazard.

Stability:

Stable under intended use and proper storage.

**Safety Data Sheet (SDS)**

Version 1.0

RMW—15

Hazardous Decomposition:

Carbon Oxides

Hazardous Polymerization:

Hazardous polymerization will not occur.

Conditions to Avoid:

Avoid sparks, flame, and other extreme heat sources.

Incompatible Substances:

Strong oxidizing agents.

**Section 11: Toxicological Information**

Toxicity Data:

This product does not contain know human carcinogens or toxins.

Acute Toxicity:

<u>Principle Routes of Exposure</u>	Absorbed through skin and hair.
<u>Inhalation</u>	Not applicable.
<u>Skin Contact</u>	Adverse skin effects should be prevented by normal use and care, and personal hygiene.
<u>Eye Contact</u>	Irritation should be prevented by avoiding contact with eye area and wearing protective eyewear if unable to avoid area.
<u>Ingestion</u>	Large amounts may cause nausea and vomiting. DO NOT INDUCE VOMITING — see section 4 if any adverse effects occur.

Chronic Toxicity:
