Safety Data Sheet (SDS)

Version 1.0

BBGB50-01

Section 1: Identification		
<u>Product Name & Description:</u>		
Pomade, 60g/2.1 oz		
<u>Product Number:</u>		
EBP		
<u>Product Type:</u>		
Finished Goods		
<u>Recommended Use:</u>		
Personal Care Product — External/Topical use only for hair styling		
<u>Uses advised against:</u>		
Not for ingestion. Avoid contact with eyes.		
<u>Manufacturer Information:</u>		
Educated Beards Inc. 605-406 Prospect Street Fredericton, NB E3B 6B8 (506) 883-3232		
<u>Emergency Contact:</u>		
(613) 996-6666 CANUTEC 24 HOUR EMERGENCY LINE this is the number associated with the sds of raw ingredients		

Section 2: Hazard Identification		
Hazard Class: Not Classified	Category: Not Classified	Pictogram: None

www.educatedbeards.com

Safety Data Sheet (SDS)

Version 1.0

BBGB50-01

Hazard Statement:	Non-Hazardous
Hazard Codes:	Not Applicable
Precautionary Statements:	For topical use. Not recommended to be ingested. Family and pet safe when used as intended. Keep out of reach of children under the age of 4 years to prevent unintentional ingestion.

Section 3: Composition			
This product does not contain hazardous ingredients. Full ingredient list available on the items product label.			
Composition of Hazardous Chemicals			
Chemical Name	INCI Name	CAS No.	% w/w
none	none	none	none

Section 4: First Aid Measures	
<u>General Advice:</u>	
Though this product is non-hazardous for its intended use, in all cases, if symptoms persist, contact a physician.	
<u>Routes of Entry:</u>	
Eye Contact	Rinse with cool water for a minimum of 15 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing. May be mildly irritating to individuals with specific sensitivities. Seek medical attention should symptom(s) persist, and/or worsen.

<p><u>Special Hazards Arising from the Substance or its Combustible Products</u></p>	<p>Hazardous decomposition products may be formed in extreme heat conditions or if burned.</p>

<p>Section 6: Accidental Release Measures</p>
<p><u>Personal Precautions:</u></p> <p>Household: absorb with absorbent material and place in an appropriate waste bin. Wash with mild surface cleaner, or mild soap and water.</p> <p>Industrial: Equip cleaning crew with proper protection, glasses, gloves, apron. Absorb with absorbent material and dispose of materials in an appropriate waste bin. Wash the surface with soap and water.</p>
<p><u>Advice for Emergency Responders:</u></p> <p>Use personal protective equipment.</p>
<p><u>Environmental Precautions:</u></p> <p>Prevent entry into sewers and public waters. Notify authorities if product(s) enters sewers or public waters.</p>
<p><u>Methods & Materials for Containment & Cleaning Up:</u></p> <p>Clean up any spills as soon as possible, using an absorbent material to collect it. Use suitable disposal containers.</p>

<p>Section 7: Handling and Storage</p>
<p><u>Precautions for safe handling:</u></p> <p>Household: After use, wash hands with mild soap and water, to prevent ingestion. Do not eat, drink, or smoke while handling this product.</p> <p>Industrial: No direct sunlight. No smoking. Ensure prompt removal from eyes, skin and clothing. When</p>

leaving work, wash hands and other areas with mild soap and water before eating, drinking or smoking (to avoid accidental ingestion). Handle in accordance with good industrial hygiene and safety procedures.

Storage & Handling:

Household: Keep product away from heat, and open flame. Store in dry space with minimal natural light exposure. May be kept in the fridge to maintain solidified composure. Keep lids closed tightly when not in use. Empty containers may contain residual amounts of product, therefore handled with care. Dispose of in an appropriate waste bin.

Industrial: Provide general ventilation to minimize dust and/or vapor concentrations. Keep the container closed when not in use.

Section 8: Exposure Control/Personal Protection

Exposure Guidelines:

Household: Exposure guidelines are not relevant when used as intended. Should irritations occur see Section 4.

Industrial: When working with large quantities of the product, make sure an eye wash station, sink or washbasin is available in the event of exposure to eyes.

Ventilation:

Household: Exposure guidelines are not relevant when used as intended.

Industrial: When working with large quantities of the product, provide adequate ventilation or wear suitable respiratory protective equipment when ventilation is not possible.

Respiratory Protection:

Household: Exposure guidelines are not relevant when used as intended. Should irritation occur see Section 4.

Industrial: When working with large quantities of the product, provide adequate ventilation or wear suitable respiratory protective equipment when ventilation is not possible.

Eye Protection:

Use if handling large quantities.

Household: Exposure guidelines are not relevant when used as intended. Should irritation occur see Section 4.

Industrial: When working with large quantities of the product, make sure an eye wash station, sink or washbasin is available in the event of exposure to eyes.

Skin Protection:

Household: Exposure guidelines are not relevant when used as intended. Should irritation occur see Section 4.

Industrial: When working with large quantities of the product, make sure an eye wash station, sink or washbasin is available in the event of exposure to eyes.

Section 9: Physical & Chemical Properties

Appearance	Thick, waxy solid
Color	White
Odor	dependent on specific fragrance blend
Melting Point/Freezing Point	Solid at room temperature, liquefies with heat
Boiling Point	Not applicable (Anhydrous)
Evaporation Rate	Not applicable (Anhydrous)
Upper/Lower Flammability Limits	Not Applicable
Vapor Pressure	Not applicable
Vapor Density	Not applicable
Relative Density	Not applicable
Solubility	Soluble in oil, not in water

BBGB50-01

Section 10: Stability & Reactivity	
<u>Reactivity:</u>	
This material presents no significant reactivity hazard.	
<u>Stability:</u>	
Stable under intended use and proper storage.	
<u>Hazardous Decomposition:</u>	
May produce carbon oxides in extreme heat	
<u>Hazardous Polymerization:</u>	
Hazardous polymerization will not occur.	
<u>Conditions to Avoid:</u>	
Avoid sparks, flame, and other extreme heat sources.	
<u>Incompatible Substances:</u>	
Strong oxidizing agents.	

Section 11: Toxicological Information	
<u>Toxicity Data:</u>	
This product does not contain known human carcinogens or toxins.	
<u>Acute Toxicity:</u>	
<u>Principle Routes of Exposure</u>	Absorbed through skin and hair.
<u>Inhalation</u>	This product has low vapor pressure and is not expected to present inhalation hazard at ambient conditions. May be harmful

	to inhale in large quantities. May cause respiratory tract irritation.
<u>Skin Contact</u>	Adverse skin effects should be prevented by normal use and care, and personal hygiene.
<u>Eye Contact</u>	Irritation should be prevented by avoiding contact with the eye area and wearing protective eyewear if unable to avoid the area.
<u>Ingestion</u>	Large amounts may cause nausea and vomiting. DO NOT INDUCE VOMITING — see section 4 if any adverse effects occur.

Chronic Toxicity:

<u>Corrosivity</u>	No information available
<u>Sensitization</u>	Non-sensitizing
<u>Neurological Effects</u>	None Known
<u>Reproductive Toxicity</u>	None Known
<u>Mutagenic Effects</u>	None Known
<u>Developmental Toxicity</u>	None Known
<u>Teratogenicity</u>	None Known
<u>Carcinogenicity</u>	None Known

Section 12: Ecological Information

Ecotoxicity:

Avoid contamination of water sources
